

**ABSOLUTE MEDICAL
& LABORATORY**
PRICE LIST 2021/2022

INTRODUCTION

Our range of Medical & Laboratory Air Compressors are detailed in this price list. They offer the best medical & laboratory solutions from small desktop compressors to large centralised systems. We work closely with our key partners EKOM to ensure the medical & laboratory network is provided with the best equipment.

EKOM are one of the leading suppliers of medical & laboratory compressors in Europe. Supplying world-wide, they have an enviable reputation for quality & reliability.

KEY POINTS IN CHOOSING EKOM:

- Oil free compressor 100% duty
- 2-year warranty
- Supplied with dryers supplying upto -70 dew point
- Bacteria free, dry air
- Easy access for service engineers
- 10 + years compressor lifetime
- Flexible cabinet options for all models offering < 50 dB(A) noise level
- Compressors supplied from stock for next day delivery

2 YEAR WARRANTY 

ABOUT US:

We established AAG to support the medical & laboratory network and provide a high-quality product that offers exceptional reliability.

We have a strong network of medical & laboratory dealers supplying the EKOM brand into the market. We offer full training and support to the medical & laboratory dealer engineers and sales staff. If you would like training please contact our service team who would be happy to arrange.

IN DEPTH KNOWLEDGE AND EXPERIENCE

We combine a wealth of knowledge stretching nearly 40 years with a dedicated work force to provide the customer the best possible experience.

PROVIDING THE BEST QUALITY PRODUCTS

We work closely with our key partners, helping to develop a wide range of products covering our key markets. They have been carefully selected based on their high quality, reliability and fair price.

UNRIVALLED CUSTOMER SUPPORT

We deliver exceptional customer service, from stocking compressor/parts for next day delivery to installation advice via facetime. We ensure your experience with us is hassle free, before, during and after the sale.

BUYER'S GUIDE

Here you will find a very easy guide to help you identify which product you require:

Product Name	Options	Pressure Options	Page No.
DK50 DI - INVENT (For Medical Ventilators)	Wheels / Trolley	6-8 Bar	4
DK50 DS - SMART (For Medical Ventilators)	Wheels / Trolley	6-8 Bar	4
DK50 DE LOW FLOW (For Medical Ventilators)	No Options	6-8 Bar	4
DK50 10	Cabinet (S) / Dryer (M)	6-8 Bar	5
DK50 PLUS	Cabinet (S) / Dryer – Mem/NPSL (M)	6-8 Bar / 8-10 Bar	6
DK50 2V	Cabinet (S) / Dryer – Mem/NPSL (M)	6-8 Bar / 8-10 Bar	7
DK50 2V/50	Cabinet (S) / Dryer (M)	6-8 Bar / 8-10 Bar	8
DK50 4VR/50	Cabinet (S) / Dryer (M)	6-8 Bar / 8-10 Bar	9
DK50 2X2V/110	Cabinet (S) / Dryer (M)	6-8 Bar / 8-10 Bar	10
DK50 2X4VR/110	Cabinet (S) / Dryer (M)	6-8 Bar / 8-10 Bar	11
DK50 2V MOBILE	Dryer (M)	6-8 Bar / 8-10 Bar	12
DK50 3X4VR	Dryer (M)	6-8 Bar / 8-10 Bar	12
Tower Systems	All Options	6-8 Bar / 8-10 Bar	13

Service Type	What's Included
Intermediate Service	The Intermediate service kits will include all filters that are required to be replaced every year as a minimum.
Comprehensive Service	The comprehensive service kits will include all filters as well as valve plates, con rods and bearings. (this is an overhaul service, required based on hours or time period)
Dryer Service	The Dryer service kits include replacement columns and gasket seals, failing to service the dryer will jeopardise the air quality.

CENTRALISED SYSTEMS - EKOM TOWER

The EKOM towers are custom built centralised systems. We can help design a system that fits your demand perfectly.

You can select dryer type, output flow and sound proof options.

The towers have independently running pumps that can adjust depending on the demand. It has a Siemens control panel that can monitor all aspects of the tower from pressure regulation to dew point. This can all be viewed via the LED touch screen display or remotely via BMS system.

These units are available with 2 dryer options. Refrigeration will provide a +3 pressure dewpoint, compared to the NPSL dryer which will deliver up to -70 pressure dewpoint.

Adding the soundproof box will reduce the decibel level to 72dB(A). It has a temperature controlled cooling system within the cabinet to help the pumps run at optimum temperature.

Up to ISO 8573.1, Class 1 (Air Quality)
ISO-13485 compliant

	4X4VR	6x4VR	9x4VR
Motor Performance (KW)	4x2.2	6x2.2	9x2.2
Mode of Operation (Duty)	S1 - 100%	S1 - 100%	S1 - 100%
Dryer Options	Refrigeration (+3 Pressure Dew Point) or NPSL (-40/-70 Pressure Dew Point)	Refrigeration (+3 Pressure Dew Point) or NPSL (-40/-70 Pressure Dew Point)	Refrigeration (+3 Pressure Dew Point) or NPSL (-40/-70 Pressure Dew Point)
Air Tank Capacity	500 L	500 L	500 L
Efficiency of Compressor (@ 7bar)	980 L/min	1,615 L/min	2,325 L/min

DISTRIBUTION

EKOM Distribution Network

The EKOM range is going from strength to strength. The brand continues to grow throughout the UK and Ireland, with an ever increasing network of distributors standardising on EKOM due to its reliability and price point.

IN STOCK

NEXT DAY DELIVERY

UNRIVALLED CUSTOMER SUPPORT

If you are interested in the EKOM range, please feel free to contact us for more details.
